

# THAI DINH CHINH

## IT PROJECT MANAGER | AGILE DELIVERY & SOLUTION ANALYSIS

Da Nang, Vietnam | +84 905 840 604 | lucian03.forwork@gmail.com | [dinhchinh.work](https://dinhchinh.work)

---

### PROFESSIONAL SUMMARY

IT Project Manager with a Software Engineering background, experienced in coordinating cross-functional teams and client engagements across Vietnam, Malaysia, Singapore, and the US. Skilled in project delivery across requirement clarification, solution analysis, UX/UI prototyping, development coordination, UAT, and release tracking. Strong at bridging business, clients, and technical teams, with hands-on experience in AI, IoT, and security solutions. Solution-oriented in evaluating business needs, solution options, scope, and technical constraints.

### CORE COMPETENCIES

- **Management:** Agile/Scrum, Scope Management, Task Allocation, Risk & Dependency Tracking
- **Business & Solution Analysis:** Requirements, User Stories, Business Rules, UAT, UI Prototyping
- **Technical:** AI/IoT/Security Solutions, Data Structures, SQL, REST APIs
- **Tools:** Jira, Miro, Figma, Power BI

### PROFESSIONAL EXPERIENCE

#### Rofarez — Da Nang, Vietnam

##### IT Business Analyst & Project Coordinator | 03/2026 – Present

- Coordinated functional teams (12–15 members) for client projects across VN, MY, SG, and US.
- Managed requirements, backlog, sprint execution, UAT, defects, and delivery.
- Researched solutions, mapped user flows, and prototyped UX/UI for AI, IoT, and security projects.
- Aligned clients, Product, Design, and Engineering on scope, priorities, and delivery.

#### Gametamin (Funtap Games) — Da Nang, Vietnam

##### Project Manager | 11/2025 – 03/2026

- Managed Agile delivery across 10+ sprints through planning, task allocation, and backlog tracking.
- Clarified requirements and resolved blockers across Product, Design, and Development.
- Tracked KPIs and milestones, ensuring on-time delivery progress for management reporting.

#### Pacific Link Foundation — Da Nang, Vietnam

##### Program Manager (STEM Programs) | 09/2023 – 05/2025

- Managed STEM programs, resources, schedules, and industry partners.
- Coordinated with Intel and industry partners, supporting 100+ students and 1,000+ learners.
- Delivered training programs and managed stakeholder communications.

### LEADERSHIP & ACTIVITIES

#### Project Lead | 05/2025 – 10/2025

- Led an Agile team to implement and optimize a high-concurrency game simulation engine.

#### Hackathon Team Member | 12/2023 – 02/2024

- Researched an IoT smart power outlet, defining market needs and product behavior.

### EDUCATION & ACADEMIC ACHIEVEMENTS

#### FPT University | Bachelor of Software Engineering | 10/2021 – 10/2025

- **GPA:** 3.75/4.0, Outstanding Student in Engineering & Technology
- **Scholarship:** 130% Merit-based Scholarship for Academic Excellence (2021–2025)
- **Award:** Outstanding Student of Da Nang; Outstanding Youth Union Cadre
